SATELLITE BEVERAGE STATION

Our portable keg system can fit anywhere! It allows for up to two beverage choices to be served at once with no power required. Service comes complete with set up, tear down and a ProServe Certified server. A perfect option for high rise office parties, baby showers, stagettes, backyard soirées and spaces where our mobile trucks don't fit. Quotes are customized based on hours of service, type of beverages, number of guests and snacks.
